EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In line 3 of claim 8, delete "i.e.".

In line 1 of claim 24, insert ---according to--- after the word "coupling".

The above amendment was necessary to correct the typos.

The following is an examiner's statement of reasons for allowance: The prior art fails to disclose or suggest the claimed coupling device including two resonator means surrounding first and second optical waveguides, respectively, wherein first and second deflector means adapted to couple radiation propagating in the respective first and second waveguides with common radiation modes which are defined by adjustable geometrical and material properties of the device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art documents submitted by Applicant(s) in the Information Disclosure Statement(s) filed on 05/31/06 have all been considered and made of record (note the attached copy of form(s) PTO-1449).

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Ohlander et al discloses an optical coupling device including a resonator surrounding first and second waveguides. Ichenko discloses an optical coupling for resonators via waveguide gratings. Both of these references fail to disclose or suggest the claimed coupling device including two resonators means surrounding respective waveguides and first and second deflector means as discussed above.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hemang Sanghavi whose telephone number is (571) 272-9955. The examiner can normally be reached on Mon-Fri.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Rodney Bovernick can be reached on (571) 272-2344. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
